Dr. Khalaf Lefta Hajim

Dr. Auda a dear husband, father, and surgeon, departed to heavens. He was born in 1973 and raised in Basrah. Graduated from Basrah College of Medicine in 2001. He was awarded the degree of Iraqi Board In Urology Surgery in 2013, he then attended Al-Mawani General Hospital in Basrah as a consultant surgeon.

He was a remarkable man with kind words, delicate character, and helpful to everyone. All who knew him shall miss him.

He left us due to a terrible car crash with his oldest son in 2017 but we are pleased that he is now in a better place. He shall be remembered by his wife, four sons and a daughter. God bless his soul.

He was a man with good manners, enjoyable character, loved by his friends who shall miss him.
