# About IETI Transactions on Computers

Yong Cao, Xiao-Guang Yue and Qu Wu

International Engineering and Technology Institute, Hong Kong, China

**Keywords:** IETI Transactions on Computers, IETI.

**Abstract.** We introduced IETI Transactions on Computers and IETI.

## IETI Transactions on Computers

IETI Transactions on Computers ( ISSN : 2414-1429) allowing free full-text access and also devoted to the promotion of all fields of Computers like Programming Languages, Software Theory, Software Engineering, Software Design and Development, Software Test and Program Verification, Intelligent and Adaptive Systems, Computer Science Education, Computer Security, Computer Graphics and Vision, Databases , Data Mining, Big Data Processing, Machine Learning, Computation and Automata Theory, Algorithm Theory, Formalization Method, Quantum and Biological Computation, Bioinformatics as well as all aspects of Computer Science and Engineering, Computer Applications, Computer Education, etc. IETI Transactions on Computers ( ISSN : 2414-1429 ) is an open-access journal focused on Computers. IETI Transactions on Computers aims to provide a safe long-term open-access record of the papers in order to make the papers citable and widely usable by the scientific community. Its services are fast, affordable and suitable. IETI Transactions on Computers (ISSN : 2414-1429 ) publishes documents in English. Benefits are: 1) Free online access. 2) Swift publication times. 3) High visibility. 4) Low publication fees. 5) There is no limit for authors, co-authors in an article or one issue.

## Editorial Board

**Editor-in-Chief**

Yong Cao, International Engineering and Technology Institute, Hong Kong, China

Xiao-Guang Yue, International Engineering and Technology Institute and Wuhan Univeristy, Wuhan, China

**Executive Editor**

Zhi-Gang Liu, Nanchang University, Nanchang, China

Qu Wu, Shanghai University, Shanghai, China

**Advisory Editorial Board**

Pierre Borne, Ecole Centrale de Lille, France

Toshio Fukuda, Nagoya University, Japan

Alexander Gelbukh, National Polytechnic Institute, Mexico

O. Nalcioglu, University of California-Irvine, USA

**Editorial Board**

Antonios Andreatos, Hellenic Air Force Academy, Greece

Győrödi Cornelia Aurora, University Of Oradea, Romania

Sanjay Kumar Boddhu, Finch Computing (A Division of Qbase), USA

Mohammed Chadli, Université de Picardie Jules-Verne, France

Hajime Eto, University of Tsukuba, Japan

Smain Femmam, Strasbourg University of Haute Alsace, France

Wasel Ghanem, Birzeit University, Palestine

Imed Kacem, Universite De Lorraine, France

Vitaly Levashenko, University of Žilina, Slovakia

Eugene Levner, Bar Ilan University, Israel

Ying Lu, Macquarie University, Australia

R. P. Mohanty, Shiksha O Anusandhan University, India

Ahmed El Oualkadi, Abdelmalek Essaadi University, Morocco

## IETI

The publisher is International Engineering and Technology Institute (IETI), Hong Kong. IETI is the organization that promotes the innovations of engineering and technology across the world. IETI is also multi-disciplinary development comprehensive public research organization. At present, IETI members include engineers and doctors and professors from engineering and technology and related affiliated departments. Our mission is working to engineering and technology advances in the world. The aim of IETI is to conduct collaborative interdisciplinary engineering and technology within its areas of expertise, and support engineering and technology innovations to meet the needs of society.
