Abstract

Cow is equated to mother in the Indian tradition and her urine is panacea of all diseases. Cow urine is the treasure of medicines used to cure a no. of diseases since ancient times. Various researches have also proved the significance of cow urine. In Ayurveda, cow urine is used alone and also in the yogas to alleviate various health issues. In this article an attempt has been made to compile the use of cow urine in *Brahattrayi* to facilitate its literary research which will serve as a base for further scientific researches.

INTRODUCTION

Cow has been given lot of respect since ancient times because of its usefulness to mankind in several ways all throughout its lifespan. Cow as *Kamdhenu* is the provider of all happiness. Cow urine, Cow dung, Cow milk, Curd obtained from cow's milk, ghee obtained from cow's milk are collectively known as *Panchgavya*¹. *Acharya Bhavamishra* has indicated Cow urine the best in *mutra varga*. So, when only the term *mutra* is used, Cow urine is taken as according to *anukta pramana*². Cow urine is capable of treating many curable as well as incurable diseases. Lot of research has been conducted on cow's urine and its immunomodulatory³, hypoglycemic⁴, bioenhancer⁵, antimicrobial⁶ and anticancerous⁷ properties have been proved scientifically. Recently, in a study at Junagarh Agricultural University, scientists found Gold in cow's urine⁸ at Dist Gir. Cow urine has been used extensively in *Ayurvedic* preparations since time immemorial owing its special properties (Table 1)⁹.

Cow urine in *Charak samhita*-

Acharya Charak has included Cow urine in *Ashtamutra*. The properties of Cow urine are also described here that it is beneficial in

*Krimi, Kushtha, Kandu and Udar roga*¹⁰. (Table No. 2)

Cow urine in *Sushruta samhita*-

Acharya Sushruta has described the features of Cow urine as *Katu, Tikshna, Ushna, Kshara, Vatala, Laghu, Agnideepaka, Medhya, Pittala* and *Kaphavatashamaka* and it is used in the diseases like *Shoola, Gulma, Udarroga, Anaha*. It is used for the purpose of *Virechana* and as *Asthapana dravya*¹¹. (Table No. 3)

Cow urine in *Ashtanga hrdaya*-

Acharya Vagbhatta has also described Cow urine under *Mutra varga*¹². (Table No. 4)

DISCUSSION

AND

CONCLUSION

Cow's urine is used in the treatment of skin disorders (*Kushtha & Kshudrakushtha*), GIT disorders (Different types of *Udar roga, Anaha, Adhmana, Udavarta, Gulma, Grahani, Arsha, Udarkrimi*), Liver disorders (*Pandu, Kamla, Shotha*), Psychiatric disorders (*Unmada, Apsmara*), Musculoskeletal/Neuromuscular disorders (*Vatrakta, Urustambha*), *Grahabadha*, ENT disorders (*Naktandhya, Timir, Karnashoola, Karnabadhira, Karnakrimi, Pakva Pratishyaya, Mukhroga, Galganda*) and in

Gynaecological disorders. Cow urine is used in several forms such as *Snana*, *Abhyanga*, *Parishechan*, *Svedana*, *Lepa*, *Udvartan*, *Utsadan* etc. are done with help of it as a part of *Vahya chikitsa upkrama*. *Aasthapana* and *Uttarvasti* are also given with Cow urine. For *Antahparimarjan chikitsa* Cow urine also plays a wide role such as intake of Cow urine itself is indicated in the treatment of *Shotha*, *Pandu*, *Udarroga*, *Shvitra*, *Kushtha* and *Prameha*. Cow urine is used in the pharmaceutical processing of *yogas* as *bhavana dravya*, *paka dravya* etc. It is also used as a *anupana* of *aushadha*. Cow urine is supposed to be the best in *kaphaj rogas*. *Acharya Charak* has indicated to use Cow urine *bhavit aushadh* in *kaphaj vikritis*. Hence Cow urine is the treasure of medicines which is easily available to all. Its medicinal properties are beyond doubt. Requirement is only to validate this ancient knowledge with contemporary research.

1

Table 1 Chemical constituents of cow urine⁹

S.N.	Name of constituents	Functions
1.	Nitrogen (N ₂)	Removes blood abnormalities and toxins, natural stimulant of urinary tract, Diuretic
2.	Sulphur (S)	Supports motion in large intestines, cleanses blood
3.	Ammonia (NH ₃)	Stabilizes blood formation
4.	Copper (Cu)	Controls deposition of unwanted fat
5.	Iron (Fe)	Maintains balance and helps in production of RBCs and Hemoglobin.
6.	Urea {CO(NH ₂) ₂ }	Affects urine formation and removal, Germicidal
7.	Uric acid (C ₅ H ₄ N ₄ O ₃)	Removes heart swelling or inflammation, Diuretic
8.	Phosphate (P)	Helps in removing stones from urinary tract
9.	Sodium (Na)	Purifies blood, antacid
10.	Potassium (K)	Cures hereditary rheumatism, Increases appetite, removes muscular weakness and laziness
11.	Manganese (Mn)	Germicidal, protects decay due to gangrene
12.	Carbolic acid (C ₆ H ₅ OH)	Germicidal, protects decay due to gangrene
13.	Calcium (Ca)	Blood purifier, bone strengthner, germicidal
14.	Salt (NaCl)	Decreases acidic contents of blood, germicidal
15.	Vitamins A,B,C,D,E	Active ingredient for energetic life and saves from nervousness and thirst, strengthens bones and reproductive power
16.	Other minerals	Increase immunity
17.	Lactose	Gives satisfaction, strengths heart, removes thirst and nervousness
18.	Enzymes	Make healthy digestive juices, increases immunity
19.	Water (H ₂ O)	Maintains fluidity of blood and body temperature
20.	Hippuric acid	Removes toxins through urine
21.	Creatinine	Germicide
22.	Aurum hydroxide	Germicidal, increases immunity power. It is highly antibiotic and antitoxic

Table 2 Dosage forms using Cow urine in *Charak Samhita*

S.N.	Name of Formulation	Disease	Reference
1.	<i>Karanjadi lepa</i> (Prepared with Cow urine)	<i>Kushtha</i>	C.S.3/13
2.	<i>Lohadi rasayana</i> (Cow urine is used to dip red hot <i>lohapatra</i>)	<i>Rasayana</i>	C.C.1/3/15-23
3.	<i>Taila panchaka</i> (<i>Eranda</i> oil, <i>Prasanna</i> , Cow urine, <i>Kanji</i> , <i>Yavakshara</i>)	<i>Gulma, Udarroga, Anaha</i>	C.C.5/96
4.	<i>Uttarvasti</i> of <i>Dashmool kvath</i> with Cow urine, Milk and <i>Yavakshara</i>	<i>Raktagulma</i>	C.C.5/178
5.	<i>Daruharidra kalk</i> with Cow urine	<i>Kushtha</i>	C.C.7/61
6.	<i>Rasanjana</i> with Cow urine	<i>Kushtha</i>	C.C.7/61
7.	<i>Svarnamakshika bhasma</i> with Cow urine	<i>Kushtha</i>	C.C.7/61
8.	<i>Chitrakadi lepa</i> (<i>Bhavana</i> of <i>Palashkshara</i> prepared by dissolving in Cow urine)	<i>Mandala kushtha</i>	C.C.7/85-86
9.	<i>Mansyadi lepa</i> (prepared with Cow urine)	<i>Mandala kushtha</i>	C.C.7/87
10.	<i>Phalguvadi lepa</i> (prepared with Cow urine)	<i>Mandala kushtha</i>	C.C.7/88
11.	<i>Shvetakarviradhya taila</i>	<i>Kushtha</i>	C.C.7/105

13.	<i>Kanakshiri taila</i>	<i>Kushtha</i>	C.C.7/112-116
14.	<i>Lepa</i> of <i>Mulak</i> and <i>Bakuchi</i> seeds (prepared with Cow urine)	<i>Shveta kushtha</i>	C.C.7/169
15.	<i>Lepa</i> of <i>Kathgular</i> , <i>Bakuchi</i> , <i>Chitrak</i> (prepared with Cow urine)	<i>Shveta kushtha</i>	C.C.7/170
16.	<i>Lashunadhya ghrita</i> (Paka with Cow urine)	<i>Unmada</i>	C.C.9/49-51
17.	<i>Siddhartak ghrita</i> (Paka with Cow urine)	<i>Unmada</i>	C.C.9/72
18.	<i>Panchgavya ghrita</i>	<i>Apsmara, Kamla, Jvara</i>	C.C.10/17
19.	<i>Mahapanchgavya ghrita</i>	<i>Apsmara, Unmada, Pandu, Kamla</i>	C.C.10/18-24
20.	<i>Snana</i> with Cow urine	<i>Apsmara</i>	C.C.10/32
21.	<i>Abhyang</i> with <i>Katabhyadi taila</i> (Paka with Cow urine)	<i>Apsmara</i>	C.C.10/33
22.	<i>Utsadan</i> (<i>Kushtha</i> , <i>Putna</i> , <i>Keshi</i> etc. drugs are pasted with Cow urine)	<i>Apsmara</i>	C.C.10/39
23.	<i>Avsechana</i> with Cow urine	<i>Apsmara</i>	C.C.10/39
24.	<i>Nasya</i> of <i>Kapil varna</i> cow's urine	<i>Apsmara</i>	C.C.10/41
25.	<i>Haritaki churna</i> with Cow urine	<i>Kaphajanya shotha</i>	C.C.12/21
26.	<i>Churna</i> of <i>Haritaki</i> , <i>Shunthi</i> etc with Cow urine	<i>Tridoshaja shotha</i>	C.C.12/22
27.	Intake of cow milk with cow urine, Buffalo's milk with cow urine, cow urine residing on milk diet only	<i>V P Shotha</i>	C.C.12/26
28.	<i>Parisheka</i> and <i>Snana</i> with <i>kullatha</i> – <i>shunthi kvatha</i> mixed with Cow urine	<i>K shotha</i>	C.C.12/70
29.	<i>Amaltas siddha</i> Cow milk mixed with Cow urine	<i>Pittodara</i>	C.C.13/70
30.	Intake of Cow urine	<i>K Udarroga</i>	C.C.13/73
31.	<i>Rohitakadi yoga</i> (<i>yavakuta Rohitak</i> stem is dipped in Cow urine for seven days)	<i>Kamla, Gulma, Pliha, Prameha, Udarroga</i>	C.C.13/81-82
32.	<i>Niruha</i> and <i>Anuvasana vasti</i> with Cow urine	<i>Baddhgudodara</i>	C.C.13/89-90
33.	<i>Tikshna kshara</i> and <i>aushadh</i> mixed with Cow urine	<i>Jalodara</i>	C.C.13/94
34.	<i>Pradeha</i> , <i>Parisheka</i> and <i>Pana</i> of Cow urine	<i>Udar roga</i>	C.C.13/109-110
35.	<i>Chitraka ghrita</i> (Paka with Cow urine)	<i>Udar roga</i>	C.C.13/116
36.	<i>Patoladi</i> , <i>Gavakshyadi</i> and <i>Hapushadya churna</i> (Cow urine is <i>anupana</i>)	<i>Udar roga</i>	C.C.13/119-135

37.	<i>Kshara vatika</i> (Cow urine is as solvent here)	<i>Shotha, Jalodara</i>	C.C.13/162-164
38.	<i>Yavagu</i> (Using rice triturated with cow urine 7 times)	<i>Udar roga</i>	C.C.13/165-166
39.	<i>Haritaki churna</i> and old jaggery dipped in Cow urine for 12 hours	<i>Arsha</i>	C.C.14/68
40.	<i>Niruha vasti</i> with Cow milk & Cow urine mixed <i>Dashmool kvath</i>	<i>Shushka Arsha</i>	C.C.14/137
41.	<i>Duralabhadhya kshara</i>	<i>Grahani</i>	C.C.15/179-180
42.	<i>Chaturtha kshara</i>	<i>Grahani</i>	C.C.15/187
43.	<i>Ghrita</i> (Paka with Cow urine)	<i>Pandu</i>	C.C.16/54
44.	Intake of Cow urine with milk	<i>Pandu</i> (for <i>virechana</i>)	C.C.16/56
45.	<i>Haritaki kalk</i> made with Cow urine (Cow urine is <i>anupan</i> also)	<i>K Pandu</i>	C.C.16/58
46.	Intake of Cow urine with Cow milk for 15 days or Cow urine with <i>Triphala kvatha</i> for 7 days	<i>Pandu</i>	C.C.16/64
47.	<i>Svarnakshiryadi yoga</i> (Paka with Cow urine)	<i>Pandu, Kamla</i>	C.C.16/66-67
48.	<i>Haritaki churna</i> with Cow urine	<i>Pandu</i>	C.C.16/68
49.	<i>Lohabhasma</i> triturated with cow urine	<i>Pandu</i>	C.C.16/69
50.	<i>Mandoor vatak</i>	<i>Pandu</i>	C.C.16/73-77,104
