You Are Beautiful, O Woman! by Shekher Srivastava

Since time immemorial, the woman has stood the testimony of time. As a mother, as a wife and as a daughter, she has untiringly continued to fulfil her role as defined by God. She has always been man's beautiful companion and the quite sentinel of his aspirations and ambitions. She has nurtured hope, walking hand-in-hand in every downturn, lending him unwavering support and encouragement, applauding every milestone, big or small. In return, she has never yearned for any appreciation or praise. However, being human, she would be happy to be acknowledged and appreciated, even if they are two kind words. This book is an attempt to write an ode to all women acknowledging them for who they are, why they are and what they are. Towards giving her the pedestal she deserves, the book describes and explains "Wumanity" as the basis of love and life as the basis that has forever fostered a benevolent, humane and socially responsible society. It recognizes that there was a purpose why God created the woman.

The Poetry of Mahendra Bhatnagar : Realistic & Visionary Aspects

On this earth only we will live.

The followers of our religion, people of our caste, citizens of our state
 those who speak our language and know our script
 only constitute our country and form our universe.

—Invoking Modern Men

Overcast today; again

Are clouds of doom,
 the sun of culture and civilization Again is eclipsed
 Conspiracies beleaguered this country of mine!
 Today again is wounded to the core!

—Inhuman

Dr. Mahendra Bhatnagar has a significant place in post-independence Indian poetry in English. He is a prolific poet who has produced eleven volumes of poetry in English. Some of the volumes have appeared bilingual (English and Hindi), while some have been translated into French. Through his poetry he raises voices pertinent to modern age. Being born in

British India and having experienced the complexity of life of that time, he envisions an India free from injustice, inequality, inhuman practices and all kinds of corruption. The present situation of India does not make him believe independent in its true sense. What disparity and cruelty he perceived in British India, he sees them still continuing after independence in different forms. Yes, one difference is that earlier these practices were carried out by the aliens and today by the mighty and influential people in power.

My Dream Man by Aditi Bose

I don't know if I can do a story like this once again or not.

Ajopa Ganguly, a struggling writer, is reeling from the pains of her manuscript having been rejected by all publishers. She knows that making cupcakes and embroidering handkerchiefs is not her true calling. However, she is scared to write anymore and is losing focus.

Aniket Verma, is the professor of economics who was also Ajopa's tuition teacher once. Despite their twelve years age gap, with time, they forge a special bond of friendship.

Then a misunderstanding!

Now Aniket is back and it feel just like old times. With a challenge of finishing a new manuscript in record time and a promise that he will help her to get it published if she does, he asks her to meet him at the publisher's office two days later.

Does she write?

Does she go to the publisher's office?

At what moment does their friendship change?

Do they fall in love?

My Dream Man, a let-me-tell-my-friends and an I-need-to-finish-this story, is an insightful examination of how forces beyond our control help us make decisions. As Ajopa says, it is all about 'deep choosing'.
